SENATOR CARPENTER: On General File you will see that we have no bills. We cannot have any bills until the committee reports bills in, and the bills can't be printed until you do that, and until they are printed we can't discuss them. Now I am sure that there are a number of bills in the committee which are inoffensive and probably non controversial that can be reported out here. Only as a suggestion, I move that when we do move to recess until 1:00, then the committee the Chairmen make an effort between then and 1:00 to get bills up on the Clerk's desk so that we can continue to do business. Unless we do, there is no use coming back Monday either, or Tuesday, or Wednesday. Now its an admirable trait that we finished our business in so far that we can. We don't want to loose any legislative days so I hope that then between now and 1:00 if that is what you desire to do that the committee Chairmen instruct their secretaries to formulate the procedure and the method of introduction of bills on the Clerk's desk so that over the weekend they can get these bills printed, and they would be on our desk so that we could put them on General File. That is only a suggestion.

PRESIDENT: Senator Carpenter, let's make sure that the Chair understands you. You are suggesting that when we adjourn, excuse me that when we terminate this noon that we recess until 1:00 with the idea that we return at 1:00 the whole body for this proposed action regarding the movement of bills from committee.

SENATOR CARPENTER: Otherwise there is no use to come back even on Monday. We won't have anything to do. I think that we had ought to conserve these legislative days because they may not be important now, but as time goes on we get up to the sixtieth day a lot of people are going to be disappointed.

PRESIDENT: Senator Fred Carstens for what purpose do you rise?

SENATOR FRED CARSTENS: Mr. President, I am sure that I have reported out four or five bills in the last day or so. In fact they may be on the Clerk's desk now. Three? And maybe we can take them up.'

PRESIDENT: Two of them were indefinitely postponed.

SENATOR CARSTENS: Well, that is taking them up.

PRESIDENT: Well, all right. We..are there other..the Chair's almost afraid to ask. Are there other bills for introduction?

CLERK: Mr. President, I move to suspend the rules and introduce the following of bills Req. 1524, 1525, 1526, and 1527.
(Signed) Senator Luedtke.

PRESIDENT: The Chair recognizes Senator Luedtke.

SENATOR LUEDTKE: Mr. President and members of the Legislature. I don't know that this is exactly the best morning to be introducing bills, but these are bills which have been long in coming, I mean these are for, and I know this is a trite to say these are noncontroversial, but if you'll bear with me I will tell you what they are. These are four bills relating to corrections which we put over until the ten day limit had gone by and told the bill drafter not to work on these until after
